Information for Background Screenings

All employees working in child care settings are required to undergo a background screening through the Missouri Family Care and Safety Registry (FCSR). Before your interview, we will check if you are already on this registry, and if not we will send you instructions for enrollment. After your interview, we will run your background check. Missouri licensing requirements state all employees must have a background check on file within 30 days of employment, but in general we require the background check to be on file before training.

Please be honest and open about your past. The answers to the following questions will NOT necessarily disqualify you from employment. At Ashland Children's Garden, we know that people grow and learn throughout their lives, so the only offenses that will automatically disqualify you from employment are violent offenses, crimes against children, and dishonesty in this section of the application.

Employee Information

Please answer the following questions about yourself as an employee. We have left plenty of room for people who choose to hand-write these answers, but please feel free to write as much or as little as you feel is necessary to answer the question! If you run out of space feel free to attach additional sheets.

1. Describe your experience working with children.

2. When we say we want to serve healthy meals, what do you imagine they would look like? Give examples.
